- A and B string in each event, with the exception of the Hammer, Polevault and relays where there will be one scoring athlete/team per age group per club.
- Non-scorers are limited to 2 per club per age-group in all field events, and 5 per club per age-group in the 100m and 200m. No limit in other track events.
- Where A & B string races are held separately team managers are expected to put the better runner in the A string. Failure to do this can lead to disqualification of both strings.
- Non-scoring races for each age-group should be run immediately following the scoring races for that age-group, and may be incorporated into the scoring races where possible.
- Where practical, 800m races for under 13's should be run as combined A/B/non-scorers if numbers are not excessive, so as to have better races.
- A maximum of two male and two female competitors from each club are permitted in the U13's non-scoring long-jump. Where a host facility does not have a 2nd long-jump pit, the separate non-scoring Long-jump event will not take place and in that case the non-scorers will jump with the appropriate scoring events and the number of athletes, or attempts, may be limited at the Field Referees discretion.
- UKA correct false start rules must be applied for each age-group. (U17 rule)

At least two members of each clubs field team must be qualified Officials of at least level 2 (Visiting clubs should notify the host club in advance if this presents a problem. If the host club is unable to find a suitable official to lead that field team, the Referee could decide that the event(s) cannot take place.

All clubs to provide one track judge & one timekeeper to report to the referee/chief 30 mins before the first track event (ie. 11.20). 5 points each are awarded for a timekeeper, track judge, and two qualified field officials – total 20 points.

Warm-ups should start well before the scheduled event time, if the area is clear, so that the event can start on time or as soon as possible after the scheduled time. The warm-ups for both Hammer and Polevault should start at 11.20 and for U15B Longjump at 11.30. The Pole vault must start on time, with a target to complete it as soon as possible .

On tracks where the javelin runway crosses the pole vault runway it may be necessary for the under 13's javelin to be started carefully whilst the Polevault is still in progress. It is important to get the javelin events started on schedule.
