# Who are we?

**ISORUNCLUB** was born from a desire to move. Our races were cancelled due to **COVID-19** and we didn't want our training to go to waste. We figured the other **214,562** registered runners might agree; but this isn't just for them, this is for the occasional runners, the runners who couldn't get a place. New runners, old runners; joggers and sprinters. A community of millions spanning generations, running alone. We'd like to bring them together.

Presenting **ISORACE01**, our inaugural meeting, a community alone but running as one. Ten miles on the **20th June 2020**, supporting **Mind Charity** and **Eden Project**, powered by **Nike Run Club** and fuelled by some of our favourite food and sport brands.

This is our first race but we're here to stay. We'd like you to be the founding members of this community- your community. Like minded enthusiasts with a love for movement and wellbeing.
