

SEAA COMPETITION LIMITED

It is with great regret that the SEAA has been forced to cancel this year's 6/4/3 stage Road Relays.

We were only informed earlier this week that the West stand at Crystal Palace is not to be used in any way as it is considered a Health and Safety problem.

There would be no access to the track area and no seating availability. As much of the access to the circuit is via the stand this makes the event unviable.

We will be promoting the event in 2022 at another venue and look forward to seeing you then.

Again, apologies for having to cancel this popular event.

John How
SEAA Director responsible for Endurance
